Mail Stop Petition  
 Commissioner for Patents  
 P.O. Box 1450  
 Alexandria, VA 22313-1450

S I R:

Applicant hereby respectfully petitions the Director to assign U.S. Application Number 10/595,250 to International Application No. PCT/EP2004/010901.

The Commissioner is hereby authorized to charge any fees which may be required, or credit any overpayment to Deposit Account No.: 06-0502.

**STATEMENT OF FACTS:**

Applicant entered the U.S. National Stage of International Application No. PCT/EP2004/010901 under 35 U.S.C. 371 electronically online, using EFS-Web, on March 30, 2006. The proper fee of \$900.00 had been paid by credit card, and the following documents were attached for filing online:

- 1) Form PCT/IB/308, indicating International Application No. PCT/EP2004/010901.

Int. Appl. No.: PCT/EP2004/010901  
U.S Appl. No.: 10/595,250

- 2) English-language translation of published International Publication No. WO 2005/032902 based on International Application No. PCT/EP2004/010901. The header of each page of the translation indicates the International Publication No. "WO 2005/032902" as well as the International Application No. "PCT/EP2004/010901".
- 3) A Preliminary Amendment. The cover page of the Preliminary Amendment indicates, i.a., the International Application No. "PCT/EP2004/010901".

A review of the "Electronic Acknowledgement Receipt" revealed however that the International Application Number has been entered upon initial online filing incorrectly as "PCT/EP01/10901" instead of correctly --PCT/EP04/10901-. U.S. Appl. No. 10/595,250 has been assigned to the online filing.

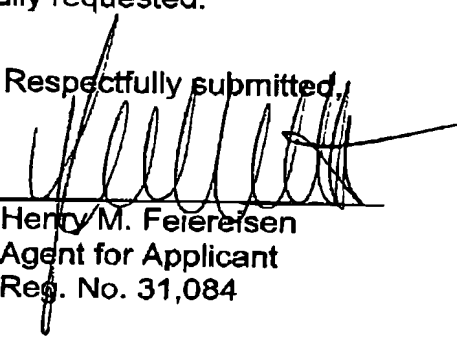

A true copy of the "Electronic Acknowledgement Receipt" indicating the incorrect International Application Number is enclosed.

The undersigned states that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this verified statement is directed.

Association of International Application No. "PCT/EP2004/010901 to U.S. Application Number 10/595,250 is respectfully requested.

Respectfully submitted,

By:
